

## Kelley Asking Mich Con Gas To Cut Rates

LANSING (AP) — Atty. Gen. Frank Kelley today asked Michigan Consolidated Gas Co. to cut its rates by \$10 million.

In a brief filed with the Public Service Commission, Kelley opposed the company's proposed rate increase which would bring in an estimated \$50 million per year.

"In 1967, the gas company earned a 15 per cent return on its stockholders' investment while all competitive firms were earning an average of only 11.7 per cent on common stock," Kelley said.

Kelley charged that the company earned a higher rate of return than all but three of 30 basic American industries.

"In view of the above facts, I cannot recommend to the commission that the gas company be permitted to earn more than 9 to 10 per cent on the equity of its common stockholders," he said.

Michigan Consolidated sells natural gas to about 900,000 Michigan customers. About three-fourths of them are located in the metropolitan Detroit area. The firm also sells natural gas to customers in Grand Rapids, Muskegon, Traverse City and the Upper Peninsula.

The commission ordered rate reductions for the utility in 1962, 1964 and 1965.

"Traditionally, regulated public utilities earn less than unregulated industries," Kelley said, "because regulated utilities enjoy a monopoly and are insulated against low earning rates or bankruptcy during times of economic depression."

## Ludington Car Crash Kills 4

By The Associated Press  
A head-on traffic accident near Ludington Sunday claimed the lives of four persons, including those of a young couple and their infant son, as the weekend traffic death toll rose to 20.

Killed were Curtis Peterson, 35, of Hart, driver of one car; his 26-year-old wife, Sharon, their son, who was a year old; and William Winkle, 26, of Ludington, driver of the other vehicle.

Two passengers in the Winkle auto were taken to area hospitals for treatment of injuries. They were identified as Michael Russell, 22, of North Muskegon, and Bernard Berry, 25, of Montague.

The two-car accident happened on U. S. 31 about 4½ miles south of Ludington.

The Associated Press weekend traffic fatality count began at 6 p.m. Friday and ended at midnight Sunday.

The other victims were: Aubrey Lee Harris, 28, of Ypsilanti, in a three-car crash Saturday in Flint.

Julian Marquell, 51, of Clark Lake, when his car ran off a road Friday night in Jackson County's Napoleon Township.

Sidney Rimmer, 71, of Muskegon, in a head-on auto collision Friday night in Muskegon.

Garrett Price, 26, Columbus, Ohio, who died Sunday of injuries received early Saturday in a two-car accident on U. S. 12 in Washtenaw County.

William Harrison Jones, 24, of Midland, whose car ran off a road in Bay County's William Township Saturday.

Mrs. Dale Tyler, 50, of Alma, who was in a two-car accident in Edmore Sunday.

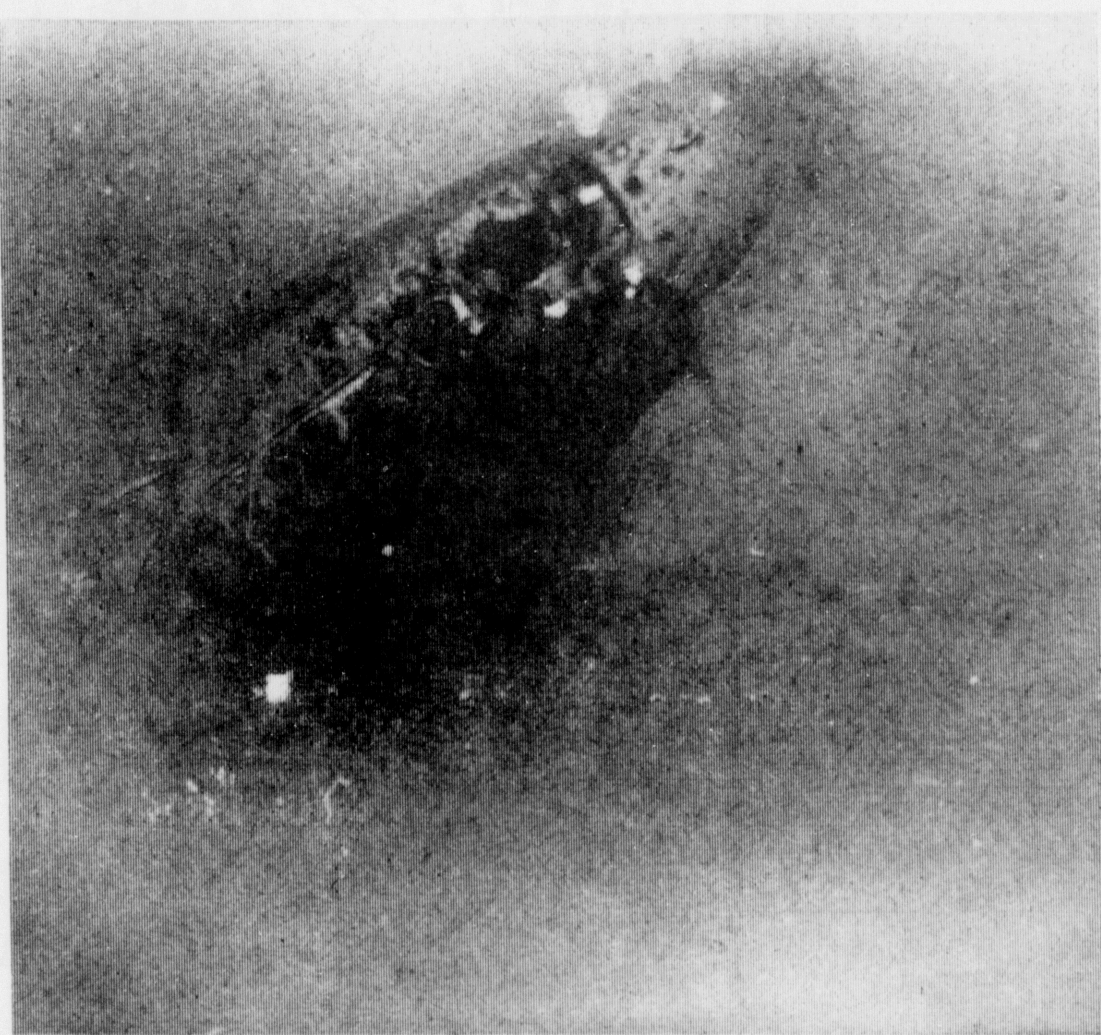

Gordon Gould, 40, of Manistiquette, whose snowmobile was struck by a car Sunday in Hiawatha Township in Schoolcraft County.

## Weather

ESCANABA AND VICINITY—Partly cloudy and colder today and tonight. Chance of a few snow flurries. High today about 20 and low tonight 3 above. Tuesday partly cloudy and cold and a few snow flurries, high near 15. Wednesday's outlook: partly cloudy and warmer and a chance of light snow. The highest temperature yesterday was 28 and the overnight low was 10. Winds northwest 12 to 25 mph today diminishing to 8 to 12 mph tonight and becoming westerly 5 to 15 mph Tuesday. Precipitation probabilities: today, 50%; tonight, 40%, and Tuesday, 30%.

Upper Peninsula—Windy and colder this afternoon with snow flurries mostly ending tonight. Highs 8 to 18. Lows tonight zero to 10 below. Variable cloudiness and cold Tuesday. Highs Tuesday 10 to 20.

Sun sets today at 4:57 p. m. and rises Tuesday at 7:07 a. m.

THE DEPARTMENT of Defense released this picture in Washington Friday and described it as a view of the bow section of the submarine Scorpion resting on the bottom of the ocean 400 miles southwest of the Azores. The department said the hull of the missing submarine was located and photographed in more than 10,000 feet of water last Oct. 29 by the research ship Mizar. The Scorpion was reported missing on May 22. (Defense Department Photo via AP Wirephoto)

## James McNeely Of OEO Succeeds Levin

# UAW Supporters Pick Demo Chief

DETROIT (AP) — James McNeely, who received the support of the powerful United Auto Workers union, was elected Michigan's Democratic state chairman Sunday after his nearest competitor withdrew.

McNeely, 38, of Lansing, was the deputy chairman before ascending to the top post. He succeeds State Sen. Sander Levin, who did not seek re-election.

"I think I represented an acceptable alternative to everybody in the party," McNeely said afterwards as he assessed his victory. "I was not going to alienate anybody by my election."

McNeely expressed optimism that he could bring together the dissenting voices of the party and achieve unity in order to capture control of the Legislature and the governorship in the 1970 elections.

He also suggested expansion of the party's executive committee in order to make room for members of the New Democratic Coalition and former backers of Sen. Eugene McCarthy of Minnesota.

McNeely, who was executive director of the Office of Economic Opportunity in Oakland County before accepting the post of deputy chairman a year ago, received his sternest challenge from William Hettiger, an aide to Secretary of State James Hare.

Hettiger withdrew before the first ballot was closed.

"The will of a majority of delegates to this convention has become obvious. I ask all those who have supported me to cast

James M. McNeely

their votes for Jim McNeely," he told delegates to the state convention.

At the time Hettiger withdrew, McNeely said he was already 80 votes over the 1,157 necessary for victory.

Otto Feinstein, a political science professor at Wayne State University, and Bernard Klein, Detroit city controller, also withdrew.

The only other nominee was Ron Mardiros of Redford Township, chairman of the 19th district delegation, who received a smattering of votes.

The UAW support of McNeely threatened to split the labor forces within the party. After the UAW took its action, the

state AFL-CIO threw its weight to Hettiger.

However, whether the split would continue was not immediately apparent.

The final official vote gave McNeely 1,244.5 votes, while Mardiros received 35.

Vice Chairman Patti Knox easily won re-election despite a late burst of activity by persons opposed to her re-election. The names of eight women were placed in nomination.

But Mrs. Knox, who was the only woman to campaign for the post, easily swept aside her opposition to win a first ballot victory.

## NDC Split

Mrs. Knox, wife of Detroit Mayor Jerome Cavanagh's housing commissioner, Robert Knox, was opposed by the New Democratic Coalition of dissident leftists in the party. She had been a hard campaigner for Hubert Humphrey and she and Zolton Ferency, former state chairman and an NDC officer, had a bitter falling out in the early part of last year's presidential campaign.

Ferency told President Johnson to get out of the presidential campaign and Mrs. Knox rebuked Ferency and the two never made up. NDC leaders claim to hold the loyalty of about a third of Michigan's Democrats since the party

## HHH Skept On Missile Shield

WASHINGTON (AP) — Former Vice President Hubert H. Humphrey says the Johnson administration approved a U.S. missile defense to "quicken the interest of the Soviet Union" in strategic arms negotiations.

"I have always been skeptical in my own mind about the security value of deploying an ABM antiballistic missile system," Humphrey says in an introductory to a report on the missile shield controversy.

"I share the reservations stated by Secretary Robert S. McNamara when he announced the ABM deployment in 1967.

"At the same time, I understood the reasons why the President felt the preparations for a limited deployment might quicken the interest of the Soviet Union in meaningful negotiations on the strategic arms race, provided we place top priority on the urgent necessity of reaching an agreement on the ABM issue," Humphrey stated.

In major pronouncements, mainly by McNamara, the Johnson administration insisted the antimissile defense was designed to guard against the threat of a nuclear-armed Red China in the 1970s.

Critics of the system now being built, the \$5.5 billion Sentinel defense, have contended, however, that it is merely first step toward a \$40 billion anti-Soviet shield.

# GM Ordered To Pay \$460,000 Damages

## Nixon Agrees To Middle East Talks

# Iraq Claims Israeli Jets Attacked Troops; Down 2

By The Associated Press

An Iraqi military spokesman claimed 14 Israeli jets attacked Iraqi forces in Jordan today and said Iraqi ground fire brought down two planes which crashed in flames in Israeli-occupied Golan Heights. Tel Aviv denied the charge.

It was the second Iraqi claim in five days of an Israeli air attack on Iraq's forces in Jordan. Last Thursday Iraq claimed that seven Israeli planes attacked its forces and one was shot down. Israel denied the report, and Jordan reported two Israeli air incursions but mentioned no action.

Baghdad Radio said one Iraqi soldier was slightly wounded in the alleged attack today.

## Attack Village

Earlier today Israel announced that two of its jets attacked a Jordanian village south of the Sea of Galilee from which the Israelis said Arab guerrillas fired on an Israeli army patrol.

A Jordanian army spokesman in Amman said the jets dropped napalm on the village. He said there were no casualties but there was damage to farms in the area.

No Israeli casualties were reported. It was the first time Israel has reported a jet attack on Jordan since Jan. 16.

The Lebanese-Israeli border also flared briefly when small-arms fire was directed from Lebanon at the Israeli settlement of Zar'it, 12 miles east of the Mediterranean and a few hundred yards from the border, the Israeli army said.

## Return Fire

An Israeli spokesman said that the Lebanese fire was returned and there were no casualties in the settlement.

In the occupied Gaza Strip, scene of violent rioting Sunday, an explosive charge demolished a small railway bridge near Rafiah.

About 100 Arab schoolgirls were injured in the Strip Sunday when Israeli police charged with nightsticks to break up a three-hour riot involving 4,000 girls. The girls were protesting the jailing of three Gaza women

convicted by an Israeli court of spying and aiding guerrillas.

The girls spat, tussled with troops and tore down mud and stone walls outside five schools to throw pieces of them at the soldiers. While Arab men watched quietly, they brandished pictures of Egyptian President Gamal Abdel Nasser and yelled: "Nasser! Nasser! Israel is black! Palestine! Palestine!"

Newsweek magazine reported Nasser has made a six-point proposal for peace with Israel and hinted he might agree to

talk directly with the Israelis. Nasser told the magazine the Arab states would agree to a five-point program if Israel would withdraw from the territory it seized from Jordan, Egypt and Syria in the 1967 war.

## Nixon Will Agree

In Washington, AP Special Correspondent John M. High-tower reported that President Nixon will agree this week to a meeting on the Middle East of the Big Four's representatives on the Security Council.

Leaders of the Nixon administration believe if the United States and the Soviet Union use their influence to get active negotiations started, the peace mission of U.N. special envoy Gunnar V. Jarring might get off the ground.

The semi-official Egyptian newspaper Al Ahran reported that Nasser met for three hours Sunday night in Cairo with Alexander Shelepin, Politburo member of the Soviet Communist party to discuss a message Shelepin brought from Kremlin party chief Leonid Brezhnev on current Middle East peace moves.

Al Ahran also said the "Palestine National Council" will form a unified military command for Arab guerrilla groups. The council, which claims to represent all segments of the Palestinian people is meeting in Cairo to draft new guidelines for unified action against Israel, the paper said.

## U.S. To Equip South Vietnam With Choppers

WASHINGTON (AP) — The United States will give South Vietnam about 300 modern helicopters as part of a plan to prepare Saigon's army and air force to stand on their own when the American military role is reduced and ultimately ended.

Sources said equipping the South Vietnamese with about 17 squadrons of helicopters, most of them transports but some armed ships, will start soon and take a couple of years.

The United States also will train more Vietnamese to fly and maintain the choppers.

The decision to provide the helicopters was made by the Johnson administration, but it is expected to be carried forward by President Nixon.

Many details are being kept secret, but the Armed Forces Journal said a total of \$98 million for the project is included in the 1969 supplemental budget and the 1970 defense budget.

Currently, there are more than 3,000 American helicopters in Vietnam, many used to carry South Vietnamese soldiers into battle areas inaccessible by ground.

A MIDLAND CITY fireman, David White, 30, was killed Friday morning when his fire truck and an auto collided at an intersection. The truck rolled at least twice, pinning White, who was riding on the back. Two other firemen, in the cab of the truck, were treated and released from Midland Hospital, as was the auto driver, a Midland contractor. White is the third fireman to be killed in the line of duty since April, 1968. (AP Wirephoto)

## Circuit Court Jury Decision Favors Selmos

Failure of a part which cost General Motors Corp. less than 10 cents to manufacture has resulted in \$460,000 in damages being awarded to a Grosse Pointe Woods couple from GM in Delta County Circuit Court.

James Selmo, 28-year-old high school math teacher, was awarded \$420,000 in damages and his 26-year-old wife, Carole, \$40,000 by a 12-member jury Saturday night.

The verdict was returned after the jury deliberated about 16 hours on evidence and testimony introduced in court in a three-week trial.

The award is the largest ever made in Delta County and is believed to be the largest ever returned by a jury in Michigan. A \$321,000 verdict returned by a jury last Friday in an auto negligence case was reported as the largest ever to a surviving victim in Wayne County.

## Not Taxable

Normally, according to the U. S. Internal Revenue Service, court awards for damages are not subject to federal taxes.

The Selmos, who were represented by Attorney Nicholas P. Chapekis of Escanaba and Attorney Philip Blecher of Chicago, were injured June 13, 1966, when their car collided with a 1965 Chevrolet Corvair on U. S. 2 in Garden Township.

The Corvair had broken loose from a wrecker which was towing it east to Manistiquette.

Selmo suffered spinal injuries in the accident and is permanently paralyzed from the waist down. His wife suffered a fractured leg, nine broken teeth and other cuts and bruises.

## Allege Negligence

The Selmos alleged that General Motors Corp. was negligent in the design and manufacture of bumper brackets on the front end of the 1965 Corvair. The brackets had been used to hook the automobile to the wrecker and testimony showed that the brackets ruptured, causing the car to break loose from the wrecker and careen into the path of the westbound Selmo car.

The Selmos were en route to Iron Mountain to visit his parents, Mr. and Mrs. Silvio Selmo, when the accident happened.

One of the "expert" witnesses called to the stand in the case testified that he purchased a bumper bracket of the type used on the 1965 Corvair for 72 cents. He said that General Motors probably could produce the bracket for about seven or eight cents.

## Curran Not Held Liable

The Selmos also alleged that Curran Chevrolet Sales, Inc., owned by Leo, Donald and Ellsworth Curran of Manistiquette, was negligent in the wrecker hookup, but the jury returned a verdict of "no cause for action" against Curran Chevrolet.

Judge Bernard H. Davidson earlier had directed a verdict of "no cause for action" in the case against a third defendant party, Arthur Baratonio Sr., and Arthur Baratonio Jr., of Houghton. The Baratonios were listed as co-owners of the automobile which broke loose from the wrecker.

Attorney John Peacock of Detroit, who represented General Motors in the three-week trial, said a decision on whether or not to file an appeal in the case would not be made until after a complete review of the trial testimony. He said that in cases involving automotive design, General Motors would not be covered by insurance.

## Pleased With Verdict

Chapekis, who along with Mr. and Mrs. Selmo was elated at the result, said that any payment to the Selmos would depend on General Motors and whether or not the company decides to appeal.

(Please Turn To Pg. 12, Col. 1)

## Oil Slick Moves From Beaches

SANTA BARBARA, Calif. (AP) — As westward winds pushed a spreading ocean oil slick away from Southern California beaches, Secretary of the Interior Walter J. Hickel arrived saying he'll do "what has to be done."

"I'm not here making any charges," Hickel said Sunday night after a flight from Washington, "only to do for the general welfare what has to be done." He has been under pressure by conservation groups to halt any damage to wildlife, fish and beaches.

Hickel was expected to take charge of the six-day-old battle to cap the undersea well and disperse an estimated 126,000 gallons of floating oil.

Several government agencies were working with Union Oil Co., which drilled the well under a federal lease, in efforts to avoid heavy loss of sea life and major damage to \$2,000-per-foot beachfront property.

## Lombardi

WASHINGTON (AP) — A 1 p.m. (EST) press conference by the Washington Redskins, ostensibly to announce the hiring of Green Bay's Vince Lombardi as general manager and coach, was canceled shortly after noon today.

The sudden shift in plans indicated there must be a hitch in plans to grab off the man who built the Packers into a professional football empire.

The board of directors of the Packers met in an emergency session two hours before the scheduled Washington press conference.

Lombardi was back in Green Bay after a trip to New York.

However, he was not available for comment.

## Today's Chuckle

The sociologists are shaking their heads and saying that the young of America are declining. But parents reply that they haven't yet seen them decline anything.

Going Places: But Where?

# Escanaba's Future Is Keyed To Decisions On Today's Problems

By CLINT DUNATHAN

Most people will agree that Escanaba is "going places".

Some will wonder where it's going.

A few, including City Manager George Harvey, try to give it a sense of direction.

The city is the repository of much information about the present and educated guesses about the future — information largely supplied by professional consultants hired by the city to do specific studies.

Harvey in talking about what's ahead for Escanaba can point, for example, to the recent Black & Veatch study of the community's water and sewerage needs.

They come up with "an estimated population of 19,000 in 1990 within the corporate limits of Escanaba," and suggest also serving the needs of Wells village, whose "projected population was estimated at 1,100."

The community's water and sewerage needs will be discussed later, but the implication is clear:

Escanaba is growing; the direction of growth is west and north; more industries and more people call for extended municipal services; and this means greater operating costs.

The growth of the community (both residential and commercial) to the city's west and northwest areas is becoming increasingly obvious. To this area new services—everything from streets and alleys to lights, water and sewers—must be extended.

**East Side Changing**

There are indications of change in the city's east side—in particular the section of commercial zone from about 9th St. east. A number of shop buildings are vacant, the Post Office Department has optioned a site west of 23rd St. and proposes to move the Escanaba post office there, and First National Bank has announced a

Bowling is Fun !!! Healthful Too !!!

To tell the truth, you'll do just as well without a Sherman House credit card.

How can we tell a girl from Dubuque from the Maharajah of Kaipur? We don't bother. (Though carrying a doll can be a dead giveaway.) During your visit with us you'll be served by many of our staff of 1100. In your air conditioned room or suite; in the College Inn, the Well of the Sea, the Celtic Room, the Dome, the Coffee Shop, in our garage (we're downtown Chicago's only drive-in hotel). No one will care whether you have our credit card or some other, or none at all. At Sherman House there's only one kind of guest. Either way we give you credit for knowing a great hotel. Sherman House, Randolph-Clark-LaSalle, 312/FR 2-2100, Gerald S. Kaufman, President & Managing Director.

**Sherman House**  
In The Swinging Heart of Chicago's Loop

relocation program.

On the plus side for the area and perhaps forecasting the type of development to be anticipated is the Senior Citizens Housing to be located in the 500 block on the south side of Ludington.

Construction will begin this spring on the 18-story high-rise apartment building for the elderly in the low-income bracket in the community.

CW Transport Co. has purchased Olson Transportation and will remove the trucking business from Ludington St. 500 block to a new terminal in the 2100 block N. 19th St.

The future for the area can be seen as one of dividing commercial traffic with removal of the Post Office and trucking firm and the possibility that railroad spurs to the area may be withdrawn in the future.

#### Public Safety

Cause and effect factors and the inter-relationship of today's decisions and tomorrow's problems are evident in several areas of growth—perhaps most significantly in the decision to move forward with low-cost housing for the elderly.

- Escanaba is cooperating through its Housing Commission in the federally-financed building.

- Present fire fighting and rescue equipment is inadequate to meet the safety needs of high-rise structures.

- A new and adequate fire truck will cost about \$70,000.

- A truck of this size cannot be housed in the present fire hall and a new, larger and more efficient public safety center must be considered.

But Harvey is firm about one point: Escanaba does not need a new city hall yet. The old council chambers are being converted to offices and the present city hall can take care of the city's needs for a number of years, Harvey believes.

"We need a new public safety building first," he said.

What about using the old municipal steam plant on 1st Ave. N. for that purpose? The building is not easily or economically altered for another use and its location is not advantageous for a public safety building.

#### Library And Dock

Along the same line of inquiry into best utilization of public property, Harvey was asked about the future of the Municipal Dock east of the Chamber of Commerce build-

ing. The dock walls are deteriorating, the dock roadway is closed for safety, and marine use of the structure is pretty much limited to visits of a Coast Guard cutter.

"The minimum cost to repair the dock is about \$300,000," said Harvey. "The Michigan Waterways Commission says it is not interested in sharing this cost."

What to do with it? The question has yet to be answered, although there was an inquiry about its sale as a site for a "boatel" last year. The dock is zoned for recreational use.

What about a new library building? It's been discussed in the city. But shouldn't the building be financed at the county level since the library service program of the future will be even more fully county-wide? In its expanded role, the facility is now inadequately housed.

#### No Tax Increase?

The City of Escanaba has a continuing interest in a recommendation of its planning consultants, Bartholomew and Associates, that the area owned by the Chicago & North Western Railway from 10th St. east to the bay shore become city-owned, said Harvey.

"We consider this a desirable long-range objective, but much depends on the needs of the North Western in the utilization of the area," he added.

How about city taxes? They have stood unchanged at \$14.50 per \$1,000 assessed valuation for the past four years. Will they go higher in 1968-69?

"I hope an increase will not be necessary but I can't be sure yet," said Harvey, pointing to some of the city's fiscal problems.

The city has a general fund budget of about \$1.55 million and of this, about \$535,000 will go for public safety—\$285,000 for the fire department and \$250,000 for police.

#### Power Utility Helps

Cost of city operations is going up. To provide services in the year ahead a minimum increase of \$150,000 is expected.

The Catherine Bonifas Civic Center is being fully used and the cost there and in the recreation budget will be higher in 1969-70.

The principle sources of city revenue are about \$340,000 from property taxes, \$450,000 from state sources, and about \$400,000 from the electric utility. One mill of city tax (\$1 per \$1,000 assessed valuation) would bring the city about \$30,000, so you can see what the electric earnings mean to the taxpayers.

The city sponsorship cost of utility and street extensions goes higher as additional areas are opened to development on the west side of the city. Perhaps developers and adjoining property owners should pay more, and the general fund less for such improvements.

#### Project Costs

The question arises in such projects: Why should taxpayers in other areas of the city pay for extension of services from which they do not directly benefit?

Examples include the residential development west of S. 23rd St., and a family shopping center on N. 23rd St.

Other costs foreseen in the year ahead are:

A minimum \$40,000 for new T-hangers at the municipal airport, where the old terminal is being removed with the completion of a new one. The County appropriated \$16,000 to aid airport operations last year but a figure of \$25,000 would be more realistic.

The improvement of the boat basin is essential and the cost to the city will be an estimated \$40,000, with the Michigan Waterways Commission matching that amount from state funds.

Cost of extending water and sewers to the industrial park (Community College campus site) will be about \$20,000 to the city. The College also pays a share. The work is to be completed in August.

**NEED A WASHER OR DRYER?**

Don't Buy 'Til You See What ROYAL APPLIANCE Has In Wednesday's Escanaba Daily Press! ! !

LOOK OF THE FUTURE for Escanaba is this high-rise apartment building for low-income senior citizens to be constructed in the 500 block, south side of Ludington St., starting this spring. The 18-story structure, financed by federal funds, will be an eye-catcher on the city's horizon—but it will necessitate the purchase for safety's sake of a new fire truck to cost an estimated \$70,000.

## Interprovincial To Finish U.P. Pipeline In '69

Interprovincial Pipe Line Co. announces consolidated net income for 1968 amounted to \$23.3 million, equivalent to 92 cents per share. In 1967 the company earned \$22.5 million or 89 cents per share.

Crude oil deliveries averaged an all time high of 716,727 barrels per day in 1968, some 12 per cent more than the 637,290 barrels per day averaged

in 1967. A substantial part of the additional revenue was offset by increased property taxes, depreciation and interest charges as a result of the extensive expansion program in 1967 and additional fuel and power costs associated with the higher volumes.

Income taxes were also \$3.2 million higher than in 1967 of which \$1.4 million (6 cents per share) was a result of the surtaxes levied in the United States and Canada effective the first of the year.

Capital expenditures in 1968 totaled \$14.2 million—the largest project being the 34" line from Superior, Wis., to the Chicago area, which was completed in late December.

A further \$75 million will be expended in 1969 on completing the third line between Edmonton and Superior and the second line between Superior and Sarnia, Ontario (through the Upper Peninsula of Michigan.) Completing the third line between Edmonton and Superior involves installing 170 miles of 34" pipe in six sections between Edmonton and Regina and completing the Chicago loop consists of constructing a 290-mile 30" line from Griffith, Indiana to Sarnia.

A quarterly dividend of 18 cents per share was declared.

## Delta's Draft Call Is For 22

LANSING (AP) — Michigan draft boards will be asked to send 2,532 registrants for induction into the Army and Marine Corps during March, Col. Arthur A. Holmes, state selective service director, announced today.

The call is similar to the number requested for February, Holmes said.

The draft call by U. P. counties:

Alger 9, Baraga 2, Chippewa 3, Delta 22, Dickinson 3, Gogebic 9, Houghton 5, Iron 6, Keweenaw 2, Luce 7, Mackinac 8, Marquette 12, Menominee 12, Ontonagon 2, and Schoolcraft 2.

## Varnum Asking Polley's View On Parochialism

State Rep. Charles H. Varnum (R-Manistique) has requested that Michigan's superintendent of public instruction, Dr. Ira Polley, reveal his opinions on the non-public school aid issue currently before the Legislature. Varnum asked for the opinion in a letter to Dr. Polley.

"I believe that his arguments for or against this proposal could be of great benefit to those of us in the Legislature who are trying to gather all the facts on both sides before making a decision on this question," Varnum said. "As Michigan's top education official, I think Dr. Polley could provide us with valuable information on the possible effect such a program might have on public and private education in our state."

## Briefly Told

Amvets Auxiliary Post 123 will meet at 8 p.m. today at the clubrooms, 1311 N. 21st St.

The Delta County Garden Club will meet in the Chamber of Commerce building in Escanaba at 8 p.m. Wednesday, Feb. 5. There will be a business meeting, followed by a program of slides presented by John Pearce of the Club. Refreshments will be served. Persons interested are invited to attend.

Wedding dresses from the 1930 era and older are needed for display or modeling by the WSCS of the Central United Methodist Church, for their "Wedding Day Memories," social to be held Feb. 13. The event will begin at 7:30 p.m. in the church sanctuary and will be followed by a reception in the fellowship hall. Anyone having a wedding dress to loan for this pageant, is to call Mrs. Wayne Cooper, 786-4520, Mrs. Ralph Anderson, 786-5666 or the church office, 786-0643.

# Romney's First Concern Is Low-Income Housing

WASHINGTON (AP)—George Romney said Sunday the main problem facing him in his new post as U.S. secretary of housing and urban development is to provide housing for low-income families.

The former Michigan governor said more housing must be built at lower costs and more money must be applied to housing construction but that the funds must come more from private sources than government.

Romney also spoke of the need "to improve housing for our people generally throughout the country" Sunday when he was the guest on the NBC television-radio program "Meet the Press."

Romney said that former President Johnson's stated goal of 26 million new homes in the

country in the next 10 years suits the need but that it isn't very realistic.

**Review Programs**  
"As far as I am able to ascertain in terms of need — and I emphasize in terms of need — the 26 million goal appears to be sound statistically," but "I don't think the programs that we have at the present time will achieve these goals. I think the talk has been much bigger than performance (than the programs.)"

Consequently, Romney said one of his most immediate problems is "to determine what we can do with the present programs."

As to the funding question, Romney said "you certainly have to have a lot more money involved in this program but there are many ways of getting money. This job never can be done primarily through government funds."

"The bulk of the money has got to be stimulated through the private sector."

**After Big Business**  
Romney said he doesn't think it is any "pipe dream" to think of luring large private industry into the house building business and "as a matter of fact, I think it is very realistic."

"It is going to have to be done primarily by private effort and

this means it has got to be made more profitable. There has got to be more incentive in it."

Romney denied that he blamed high labor costs as the main reason for housing shortages in a recent talk with George Meany, president of the AFL-CIO.

Romney said he does indeed believe that labor costs in house building are too high but "it is just one of the elements, an increasing element, but not the principal element."

He said that, as a matter of fact, "the element that has been ages in a recent talk with George Meany, president of the AFL-CIO."

**Labor Costs**  
Romney said he does indeed believe that labor costs in house building are too high but "it is just one of the elements, an increasing element, but not the principal element."

He said that, as a matter of fact, "the element that has been increasing most rapidly is the cost of land. That has gone up three times since 1950."

Also, he said, the cost of financing and costs of materials have gone up more rapidly than labor costs.

"We have had lumber prices almost double in the past two years."

And asked if he feels housing costs can be reduced, Romney replied "I wouldn't be here if I didn't."

He said the reductions could "come all along the line" in labor, materials, interest and land.

Romney, however, did not specify how he thinks this can be achieved.

## Grandparents Keep Survivors

ATTICA (AP) — Three Lapeer County children, orphaned by a fire which killed seven members of their family, will "stay together," if their grandparents have their way.

Mr. and Mrs. Charles Hartwell of St. Clair Shores were summoned by police after the tragedy Saturday which claimed the lives of Raymond W. King Sr., 41; his wife, Alice, 32, and five of their eight children.

The only survivors were Raymond Jr., 16; James, 11, and Candy, 2, who were taken to their grandparents' home in St. Clair Shores.

Hartwell, a bonded guard at a Ford Motor Co. plant, said he plans to keep the children "on a temporary basis until arrangements can be worked out. They have six aunts and uncles on our side of the family alone."

"I expect them to stay together though," he said.

State fire investigators said an electric heater being used to thaw frozen water pipes apparently started the fire which destroyed the King family trailer near Attica.

## Increase In Hippy Hepatitis

DETROIT (AP)—Serum hepatitis — so-called hippie hepatitis because it is common among drug users — has shown a six-fold increase in the Detroit area during the past year, according to Wayne County health officials.

Acting health commissioner George Pickett said that during 1968 there were 100 cases of hepatitis of the kind most commonly transmitted through the use of unclean hypodermic needles. There were 12 deaths from the disease, he said.

Pickett said the victims included people who receive blood donations from hepatitis carriers. Many drug users, he said, sell their blood to finance their habits.

Serum hepatitis, he said, is most common in the 15-29 age group. The concentration of the disease occurs in areas where narcotics use and crime are most prevalent, a spokesman said.

## Missouri Wife Says "Truly A Blessing To Relieve Piles"

Treatment Shrinks Piles, Relieves Pain In Most Cases

Springfield, Mo. Mrs. H. Meyers of this city says: "Preparation H has helped me so much. I used to use another product. Then friends told me about Preparation H and it's truly been a blessing."

(Note: Doctors have proved in most cases — Preparation H® actually shrinks inflamed hemorrhoids. In case after case, the sufferer first notices prompt relief from pain, burning and itching. Then swelling is gently reduced. There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements more comfortable, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.)

AIRMAN William Peltin, son of Mr. and Mrs. John Peltin, 515 S. 12th St., Escanaba, has completed basic training at Lackland AFB, Tex. He has been assigned to Sheppard AFB, Tex., for training as a medical services specialist. Peltin is a 1968 graduate of Holy Name High School.

## Ice Jam Costly

MONROE (AP) — A Monroe city survey team has estimated the River Raisin caused \$175,000 damage when it inundated a 20-block area last weekend.

Repeated dynamiting was required to free an ice jam, which caused the river to backup. The basements of 250 homes were reported flooded by the river.

## Recall Bottles Of Baby Lotion

MORRISTOWN, N.J. (AP) — A spokesman for the Mennen Co., which has recalled batches of Baby Magic Lotion as potentially dangerous, said Sunday there have been no reports thus far of harm to any users of the product.

Robert Suffis, a research and development expert for Mennen, said Sunday the recalled bottles contain a bacterial level "higher than ordinary standards."

He described the bacteria as "gram negative" and said the lotion could be potentially harmful only if applied to an open wound.

Suffis said the bottles, in 4, 9- and 16-ounce sizes were manufactured prior to March 1968. He said these bottles are stamped with a letter and a batch number.

He also said batch 219, all 9-ounce bottles made after March 1968, could be considered potentially dangerous. The bottles in that batch are not stamped with letters.

Otherwise, bottles not containing both a letter and batch number were not warned against by the company.

Persons having suspect bottles were asked to return them to the company for a refund.

Morocco leather is made from the skin of goats.

## EVERYDAY TENSION? SLEEPLESS NIGHTS?

Are you edgy and always having to be "understood" by even your friends?

Well, when simple nervous tension is bothering you and causing sleepless nights you should either try B.T. TABLETS or see your doctor, or both.

B.T. TABLETS have tested ingredients which will help you overcome simple nervous tension and sleep better at night.

Your druggist has help for you in safe — nonhabit forming — B.T. TABLETS, others are enjoying the relief B.T. TABLETS can give, so why wait another day? There's a money back guarantee — so do you have anything to lose? — Yes, tension and sleepless nights.

Only \$1.50 at your favorite drug store.

## Changing The Guard

The switch from the Johnson Administration to the Nixon Administration in Washington has been orderly and helpful to the process of setting up a new national impression of our self-government.

The Democrats haven't thrown many road blocks, giving the new President and his administration the traditional breathing spell to get settled in the trenches before they are brought under bombardment.

Realistically, it is too much to hope for, but it would be helpful to the nation if our partisanship could be tempered a bit so that bipartisan, two-party support could be mustered for the things that must be done for America and which will be very difficult to do. The control of inflation is at the top of the list. Another biggie is an agreement with Russia to avoid a suicidally expensive plunge into a ballistic defense system.

The Democrats roughed up only one of Nixon's choices for his cabinet, Alaskan Gov. Walter J. Hickel, named Secretary of Interior, and there wasn't even much question that he would be confirmed eventually. A Democratic senator from the West said gleefully that "We're just cutting him up a little so we can run against him in 1970."

Almost any secretary-designate of Interior would have been on the spot a bit and Hickel was more than usually exposed because of his outspoken views on what should be done in the new state of Alaska, which is a huge federal government-owned area full of resources. Hickel follows Secretary Udall, an ardent conservationist, in a period in which there's unprecedented national pressure for preservation of our resources and control of spoliation and pollution and he didn't help his cause with some impolitic remarks.

The roughing up he got should be helpful all around, for certainly he knows now that U. S. conservationists aren't going to stand for any hanky-panky by the Interior Department with the national resources in its charge.

President Nixon managed a light treatment of Hickel's deferred confirmation by parodying Hickel's provocative statement that some conservationists wanted "conservation for conservation's sake" with "We don't want confirmation for confirmation's sake."

Washington critics cited the lost time in transition between administrations in the Paris peace talks on the Vietnam war and negotiations with Russia on limiting missile defenses. The lag is regrettable, but realistically there's a trauma in change of administrations that may be minimized but not entirely avoided and this change was smoother, and more effective and more impressive to the nation than most others. For this both Presidents Johnson and Nixon are to be commended.

The Democrats contributed substantially to the situation not out of any particular good will, but out of good politics. They are planning to slit Mr. Nixon's throat at the polls in 1972 and have things well organized for the surgery at this time, they believe. They have Lyndon Johnson off their backs as their greatest achievement (with lots of help from the Republicans and the Wallaceites), they have Teddy Kennedy in office as Senator Democratic whip and early heir apparent.

They have popular Senator Fred Harris, a young man, in as Democratic national chairman and they have Speaker John McCormack ticketed for retirement in the House. This is a young, progressive team of the party which controls both houses of Congress and it will be making as much trouble as it can for the Nixon administration in the years just ahead.

Meanwhile, President Nixon is just starting on the difficult venture of strengthening the Republican party and convincing the American people that his team of self-made men can give the nation a new, vigorous leadership in government.

There will be a test of America's ability to make its affluence cover more Americans, without plunge into welfareism.

We are so deeply dependent upon government fixit that any effort to change it comes under automatic criticism, but hopefully the Nixon era will remind Americans effectively that they have created a governmental monster which they can hardly bring under control.

Richard Nixon faces great problems, but he faces great opportunities, too, and millions of Americans of all parties and no parties will be looking to him for leadership in changes that will help us all. He's made a good start and the steely self-discipline that made him President after severe reverses may surprise his critics and delight all hopeful Americans.

## Nixon's Negroes

Robert H. Finch, new secretary of Health, Education and Welfare, has exposed what was for weeks a standard gripe voiced by some people against then President-elect Richard Nixon. This was his failure to appoint a single Negro to a high-level position.

According to Finch, several Negroes turned down proffered cabinet posts out of fear of being branded "Uncle Toms" and losing their credentials as militants in good standing in the eyes of their constituents.

To such an extent has the party of Lincoln lost the allegiance it once commanded from the overwhelming majority of black Americans — and to such an extent have far too many leaders among black Americans substituted expediency for integrity.

The door is still open, says Finch, and he predicts that Negroes will be named to top posts during the next four years.

He has to be right. Four years could be a fatally long time for a tenth of the population to nurse a case of sour grapes when the nation urgently needs right now the talents and services of the best of all the citizens, of whatever color or faction, if it is ever to solve the problems it faces.

## Face in the Window

## Locke Writes Book On Enzymes' Role

David M. Locke, a native of Escanaba, has written "Enzymes — The Agents of Life," just published by Crown Publishers, Inc., New York, \$5.95.

Dr. Locke is a son of Mrs. William Laverne of Route 1, Box 250 Silver Springs, Fla., the former Mrs. Catherine Locke, who taught at the Franklin and Jefferson schools in Escanaba.

He holds a bachelor of science degree in chemistry from the University of Michigan and

David M. Locke

societe editor at Encyclopaedia Britannica.

### Biochemical Reactions

His book describes the use of enzymes, elements of the human body that are of vital importance to health. Based on the premise that life is indissolubly tied up with enzymes and their activity, the book traces the gradual historical recognition that life is largely the result of biochemical reactions and that these reactions are catalyzed by enzymes.

Enzyme science has long known of the role enzymes play in the chemistry of living things, their usefulness and value in other areas have only recently been discovered. It is

primarily these other areas of use that Locke explores in his book — medical diagnosis and treatment, industrial applications in such diverse fields as baking, plumbing, food processing, paper making and brewing.

### Pepsin Discovered

The book offers information on the latest discoveries on enzyme structure and function and on the current theories on the part enzymes may have played in the origin of life on earth. The book is for the non-scientific reader.

In his chapter on the discovery of enzymes, Locke reports the case of Alexis St. Martin, of Mackinac Island, who was wounded by a gunshot so it left a sinus in healing which permitted easy examination of his stomach contents. Dr. William Beaumont of the Mackinac garrison used St. Martin for the gastronomic researches which so greatly advanced the knowledge of digestion.

In 1836, writes Locke, only three years after Beaumont published his "Experiments and Observations," the great German anatomist and physiologist, Theodor Schwann, prepared extracts of the lining of calves' stomachs that caused rapid digestion of meat. Schwann — who would soon discover that living creatures were composed of individual cells — recognized the nature of the mysterious substance pepsin. It was, he said, a kind of "ferment" or, as we would say today, an enzyme.

## People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

### 25 Years Ago

St. Anne's School has announced its seventh grade honor roll: Jo Ane Barron, Sonny Beaumier, Paul Dufresne, Francis Papineau, Charles Lancour, Carol Jean Peltier, and Geraldine Roberts.

### 50 Years Ago

Vocal students from Central Michigan University presented a program today for students and faculty of the University. William Gregory, a sophomore from Escanaba, participated in the program.

Peter Levander, a prominent farmer of the Big Bay community, narrowly escaped death near Gladstone when the ice gave way under his horse and buggy.

"Long skirts are unsightly, unsanitary, and prevent action in walking."

## Letters

### PLEASE

Head Start parents are having a drive for equipment and toys, as most people know.

We appreciate all the contributions, but would now like to plead with any parents who have children using the basement of the Lutheran Church for their activities, to please caution them not to destroy or break the equipment and toys there.

We are sure they are unaware of this and wouldn't want their children involved in such destruction. There is no more money available for more equipment or toys, hence the drive for usable things.

We are very grateful for the use of the basement as it is ideal for the children, but we are very concerned over this destruction. The children in Head Start are not allowed to touch anything that does not belong to their program and we would appreciate it if the same consideration were given their things. Thank you.

Head Start Parents  
Evelyn Grims, teacher

## Questions And Answers

Q—What college did President Harry S. Truman attend?  
A—He did not attend any college.

Q—Are guns a regular part of the equipment issued to British police officers?  
A—No, British police carry guns only on special occasions.

Q—Can the bird of Paradise raise its plumage as the peacock can?  
A—These beautiful plumes are raised at will by the male in their efforts to attract the female during the courting season.

Q—What is the name of the bird of Paradise?  
A—The bird of Paradise is a group of birds, including the Blue Bird of Paradise, the King of Birds, and the Bird of Paradise.

## Ann Landers

## Woman's Figure Is Needing Remodeling

Dear Ann Landers: Although I have gained only two pounds since my baby was born, my figure has changed completely. Everything I had before is still there, it's just relocated. With the proper foundation garments, I look fine from the waist up. It's the rest of me I'm concerned about.

I used to have a nice curved look in the back but now I'm flat as a board. I don't know how to describe it except to say I've lost my fanny. Is there some exercise I can do to rebuild it? Thanks for your help. — NO LONGER WELL REARED

Dear No Longer: I know of no such exercise, but don't despair — help is on the way. Recently I saw advertised (by a very respectable store) a girdle with special padding. It will do for the back what falsies do for the front.

And please, girls, don't write and ask where these girdles can be purchased. I'm not pushing underwear this season. Call your local department store or lingerie shop.

Dear Ann Landers: I went with Kirk for several years. I tried to break up with him at least six times. Each time he cried and pleaded with me not to leave him, so I continued to see him. Kirk frequently said and did things that indicated he was unstable. I pleaded with him to get professional help but I got nowhere.

Last summer while vacationing out east I met a wonderful man — a widower with a child. We saw a great deal of each other and now I think I'm in love with him. He telephones me twice a week and sends something in the mail almost every day. He is coming to see me next week.

Yesterday I told Kirk there is someone else. He became hysterical and cried, "If you leave me I'll kill myself."

I am frightened and mixed up. If Kirk commits suicide I'll never forgive myself. I need advice at once. — STAR SISTER

Dear Star: Don't allow Kirk's illness to ruin your life. Emotional blackmail can be a dangerous game. Those who become victimized pay a dear price.

Dear Star: Don't allow Kirk's illness to ruin your life. Emotional blackmail can be a dangerous game. Those who become victimized pay a dear price.

Tell Kirk one more time that he must get professional help. Then bid him good-by — and mean it. You will have done as much for him as anyone could — short of sacrificing your own life. And that you don't owe him.

Dear Ann Landers: I'm 18, a girl, and want to have my nose bobbed. I've seen some awful results as well as some beautiful ones. I'm reluctant to ask a person the name of his doctor because most people would like you to believe they were born with the nose they now have.

How does one go about finding a truly skilled plastic surgeon? — D. S.

Dear D. S.: Don't ask a person who obviously has a botched job. Ask someone who has had great success. A pleased patient should be happy to recommend his surgeon. I think.

In the meantime, be aware that the outcome of rhinoplasty depends not only on the surgeon, but on what he had to work with.

What is "French kissing"? Is it wrong? Who should set the necking limits — the boy or the girl? Can a shotgun wedding succeed? Read Ann Landers' booklet, "Teen-age Sex — Ten Ways To Cool It." Send 50 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope. © Publishers-Hall Syndicate

# Northern Won't Close Door On U.P.'s Students

MARQUETTE — Dr. John X. Jamrich, president of Northern Michigan University, has dispelled rumors that enrollment of Upper Peninsula students at the university will be limited. Jamrich said the rumors are "without any foundation in fact . . . and Northern always has and will continue to put the interests of Upper Peninsula residents first" on all matters pertaining to education. Northern's chief executive revealed that he is preparing a recommendation to the school's Board of Control to increase the number of scholarships for graduates of U.P. high schools, and said he intends to "reaffirm and revitalize" the university's service to the region.

The university, Jamrich said, has helped draw the U.P. together and has been a major factor in the return of economic growth to the area. "Northern has had a role to play in making the Peninsula a cohesive force in instilling a hope for a better tomorrow," he said.

As an example, Jamrich cited NMU's enrollment. "In the 1950's, U.P. students were going to lower Michigan schools. In 1955, only 160 of the area's 3,258 graduating high school seniors went to Northern." Of 7,286 enrolled at Northern last fall, more than half, 3,983, were from the U.P. Of 1,563 graduating U.P. seniors who applied for admission to Northern last fall, 1,508, or 96.5 per cent were accepted. Of the 1,508 who were accepted, 1,082 enrolled at Northern.

By contrast, Northern approved only 87 per cent of the 2,685 new Lower Michigan students applying, actually enrolled only 1,125, or 41 per cent.

"The bulk of our graduate enrollment also comes from our area," Jamrich said. Last fall's enrollment report shows that 470 of 503 graduate students were from the Peninsula.

Emphasizing that "Northern cannot be an island in the Peninsula," Jamrich further added to his contention that the university "puts the U.P. first," by pointing out that NMU, through its public services division, "continues to make the resources of this university available to people in all walks of life throughout the Upper Peninsula."

# Believe Chinese Defector In U.S.

THE HAGUE, Netherlands (AP) — The Red Chinese envoy who defected in the Netherlands is believed to be in the United States.

Dutch officials said Liao Hoshu, who was temporary charge d'affaires in the Hague, was flown to Bonn last week for interrogation by the U.S. Central Intelligence Agency about Chinese spying activities in Western Europe. The Dutch said they expected Liao to be flown to the United States Sunday.

West German officials and U.S. sources in Bonn said Sunday they did not know where Liao was.

Liao, the first Red Chinese diplomat known to have gone over to the West, took refuge with the Dutch on Jan. 24.

In one of his routine visits to the Dutch Foreign Ministry several months ago, Liao indicated he wanted to defect as soon as his wife and children were safely out of China. He told the Dutch he had been ordered home to account for the death in the Hague in 1966 of a Chinese scientist said to have sold a secret nerve gas formula to U.S. agents.

Dutch officials approached Romanian diplomats because they have good contacts in Peking. Two weeks ago at a reception at the Romanian Embassy, Liao learned that his family was safe in Hong Kong.

Dutch Justice Minister C.H.F. Polak is said to have told the parliamentary committee for justice and foreign affairs that Liao "knows an unbelievable lot." The minister said the government did not seek intelligence from Liao because it feared retaliatory measures against the Dutch charge d'affaires in Peking.

# Income Tax Aid Given Mondays

Every Monday through April 14, Richard Harris representing the Michigan Department of Treasury, Revenue Division, will be at Room 101, State Office Building, 305 Ludington St. from 8 to 4:30 for the purpose of assisting taxpayers in the preparation of their Michigan income tax and intangibles tax returns.

Under the Michigan Income Tax Act any person from whom a greater amount has been withheld than is owed will receive a refund, but return will have to be filed to receive any refund. Early filing will expedite early refunds.

Most persons who are required to file a federal income tax return will be required to file a Michigan income tax return. If a married couple files a joint return for federal income tax, a joint return must be filed for Michigan income tax purposes.

The total number of state tax exemptions must agree with the total number of exemptions claimed on the federal tax return.

The individual may use either of two forms, MI-1040 or MI-1040A. Any individual desiring to take a tax credit for property taxes paid on homestead, taxes in gross rent of a homestead, city income taxes or contributions to Michigan colleges and universities will be required to use the MI-1040. A properly prepared and signed certificate of rent paid for homestead (Schedule MI - 10-40G) will have to be attached to the MI-1040 by any taxpayer who desires to take advantage of the provisions for a tax credit on taxes, paid on rent of a homestead.

Anyone who anticipates owing Michigan income tax in excess of \$100 for 1969, which is over and above amounts withheld, is required to file a declaration of estimated Michigan income tax.

Most persons who are required to file a federal income tax return will be required to file a Michigan income tax return. If a married couple files a joint return for federal income tax, a joint return must be filed for Michigan income tax purposes.

# Pick 12 Men For Shaw Trial

NEW ORLEANS (AP) — The prosecution and the defense had a fresh list of 150 names today to tap for two alternate jurors for the presidential assassination conspiracy trial of Clay L. Shaw.

Both sides finally agreed on a jury of 12 men Saturday, then failed to agree on the alternates.

Asst. Dist. Atty. James Alcock, the No. 2 man in Dist. Atty. Jim Garrison's probe of an alleged New Orleans-based conspiracy to assassinate President John F. Kennedy, said he hoped to make his opening remarks on Tuesday.

## Oil Is Flowing In Sewer Lines

PONCA CITY, Okla. (AP) — It started when oil began clogging the sewage disposal plant. Then one of the city's water wells began flowing oil, too. When city officials tried five times to sink another water well, all they could hit was oil—sometimes only 18 inches from the surface.

But it is not a happy story. A state agency identified the black stuff as refined petroleum, not natural crude oil.

And it is plaguing the 1,000 residents of the 12-block area which has been affected.

They complain there are strong odors in their homes. Flames on their stoves burn red. Eyes sting. Some have sick headaches.

The problem isn't new, but the severity of it is.

Leon Nelson, manager of the city of 27,000 said it was known that some "hydrocarbon" was in the soil of this oil-rich area for the past 30 years. He said it has been flowing in the sewer lines for about eight years.

"It is only the past six or seven months that it has been this acute," he said. "There is speculation that the water table has risen and caused it."

Just where the oil comes from hasn't been determined. But one

resident has taken the issue to court, claiming the oil somehow broke free from nearby refineries.

She is Mrs. Gladys Cobb, and she says she deserves \$15,000 for damages to her home. Her suit names the Sequoia Refining Corp. and Continental Oil Co., both of which have nearby refineries, and the Cities Service Oil Co., which recently sold its refinery here to Sequoia.

The suit is pending.

The city has started selling the oil.

But there's little profit in it. Nelson says the costs of equipment and supervisors keeps the city just about breaking even. The citizens, who can strike oil by simply digging in the back yard, don't try to sell theirs. It's not worth it, they say.

Meanwhile, the city has installed a special device to keep the oil separated from the sewerage system and out of the drinking water.

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

## Boris Karloff Dies In London

LONDON (AP) — Boris Karloff, the gentle monster who created Frankenstein in the movies and starred in a host of horror films, died Sunday in a hospital near London.

He was 81, had been an actor for 58 years and made more than 130 movies. He made his debut with a touring company in British Columbia in 1910 and his last movie last year in Britain.

A gentle, courteous Englishman despite the guise he presented in so many films, Karloff and his wife in recent years lived in an apartment in London's Chelsea district and in a cottage near the British capital. Although long a resident of Hollywood, he never gave up his British citizenship and returned to Britain to live in 1959.

He was a polished performer who received critical acclaim for his 1956 Broadway role as a bishop in "The Lark." French playwright Jean Anouilh's saga of Joan of Arc. Karloff called the Broadway role, "the high point of my career as an actor."

Karloff said he was grateful for being typecast for horror films.

"The monster was the best friend I ever had," he once told an interviewer. "Certainly I was typed. But what is typing? It is a trade mark, a means which the public recognizes you. Actors work all their lives to achieve that . . . I got mine with just one picture. It was a blessing."

He was married five times, the last in 1941 to Evelyn Helmar, who survives. He also is survived by his daughter Sara Jane, child of his fourth marriage to Mrs. Dorothy Stine Pratt.

## GLADSTONE Cleo Hoverman Weds Thomas Blomstrand

Cleo L. Hoverman, 5115 N. Winchester, Chicago, Ill., daughter of Mrs. Merl Hoverman, 410 S. 11th St., and the late Merl Hoverman, and Thomas G. Blomstrand, of Chicago, were united in marriage January 23.

Pastor A. R. Nordgren heard the marriage vows at the Augustana Chapel at 2 p.m. Mr. and Mrs. Fred Bonke, of Chicago, were the attendants.

The bride is a graduate of Gladstone High School and Augustana Hospital School of Nursing in Chicago. The groom, the son of Mr. and Mrs. John D. Blomstrand, of Chicago, is a graduate of Senn High School and Chicago City College.

Mr. and Mrs. Blomstrand are at home at 5115 N. Winchester, Chicago.

## Matt Raspor, Kipling, Dies

Matt Raspor of Kipling died at his home Saturday afternoon after an illness of about one year. He was 79 years old.

Born in Yugoslavia on Feb. 20, 1889, he had resided in Kipling for the past 50 years. He was a member of Croatian Lodge 856 of Kipling and of All Saints Church, Gladstone.

Surviving are his widow, Emilie, two sons, Anthony and Joseph of Gladstone, four grandchildren and two great-grandchildren.

Friends may call at the Skradski Funeral Home after 3 p.m. Tuesday, and parish prayers will be at 8 p.m. Tuesday.

Funeral services will be held at 9 a.m. Wednesday in All Saints Church with the Rev. Frederick Karlheim officiating. Burial will be in Fernwood Cemetery.

## Briefly Told

Gladstone City Police ticketed Walter L. Godfrey, 207 Delta Ave., for speeding.

**WILLIAM E. PILLEY**

Funeral services for William E. Pilley were held today in St. Joseph's Church at Perkins with the Rev. Conrad Suda officiating, and burial was in the family lot at the Norway Cemetery. The pallbearers were Paul Beauchamp, Roy Lambkin, Allan Switzer, Kenneth Benson, Zeph Arvey and Clyde Benson.

As used by seamen, the term "ecclesiastic bricks" refers to holystones which seamen had to use for scrubbing decks. They were also known as "hand bibles."

### LAST DAY OF REGISTRATION SCHOOL ELECTION

NOTICE OF LAST DAY OF REGISTRATION OF THE QUALIFIED ELECTORS OF BALDWIN TOWNSHIP SCHOOL DISTRICT NO. 7, DELTA COUNTY, MICHIGAN TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Please Take Notice that the Board of Education of Baldwin Township School District No. 7, Delta County, Michigan, has called a special election to be held in said School District on Monday, March 17, 1969.

THE LAST DAY ON WHICH PERSONS MAY REGISTER WITH THE BALDWIN TOWNSHIP CLERK, IN ORDER TO BE ELIGIBLE TO VOTE AT THE SPECIAL ELECTION CALLED TO BE HELD ON MONDAY, MARCH 17, 1969, IS FRIDAY, FEBRUARY 14, 1969. THE OFFICE OF THE BALDWIN TOWNSHIP CLERK WILL BE OPEN FROM 8:00 O'CLOCK, A.M. UNTIL 8:00 O'CLOCK, P.M., ON FRIDAY, FEBRUARY 14, 1969, FOR THE PURPOSE OF TAKING REGISTRATION. PERSONS REGISTERING AFTER 8:00 O'CLOCK, P. M. ON THE SAID FRIDAY, FEBRUARY 14, 1969, ARE NOT ELIGIBLE TO VOTE AT SAID SPECIAL SCHOOL ELECTION.

Persons planning to register with the Baldwin Township Clerk must ascertain the days and hours on which the clerk's office is open for registration.

The township clerk also will be at his office between the hours of 8:00 o'clock, a.m., and 5:00 o'clock, on Saturday, February 8, 1969.

This Notice is given by order of the Board of Education of Baldwin Township School District No. 7, Delta County, Michigan.

### Elderly Put Off Medical Care

ANN ARBOR (AP)—A recently published report by two University of Michigan researchers indicates that both Negroes and whites over age 65 tend to put off medical care but for different reasons.

In a report called, "The Urban Aged—Race and Medical Care," Research Associate H. Ashley Weeks and Prof. Benjamin J. Darsky say that Negroes reported relatively more illnesses and tended to put off needed medical care for financial reasons while whites tended to put off care because the illness was "not bothering them" or was "not serious."

The report compared the health status of 1,457 aged persons in the Detroit area prior to the introduction of Medicare. It is believed to be one of the first reports to examine the medical needs of the aged Negro.

Weeks says the study "shows how inadequate medical care was for the aged—especially the aged Negro—before Medicare was passed."

## Copper Miners 5 Months Without Pay In Strike

CALUMET — The copper strike after five months is having serious economic effects on this Keweenaw Peninsula community.

The company—the Calumet Division of Universal Oil Products—says it has made its last offer. The union—the United Steelworkers of America (USW)—claims the offer does not equal another copper mine contract in this Upper Peninsula area, but hasn't given its members a chance to vote on it.

Union members, whose credit has been cut off by local merchants, are grumbling. The

The miners, with no paychecks, have found themselves unable to keep abreast of essentials like insurance payments, and their agencies are beginning to cancel their policies.

Gene Saari, international representative of the USW, is speaking for the miners. At this point, it's not quite clear whether he's speaking for the majority or not.

The copper company has offered the miners a 55 cent raise over a three year period, plus increases in hospitalization, life insurance, and pension benefits.

"The offer exceeds any that has ever been made by an industrial company in the Upper Peninsula," said Cecil H. Suter, general manager of the mining company.

"It is greater than any offer ever granted in this or any other year by any company in the copper producing industry in the United States."

But union officials contend that another local mining firm, the White Pine Copper Co., has a higher base pay than the proposal made to the strikers. (The two mining operations differ basically. C&H is mining mass copper and white Pine is mining copper ore.)

"Our workers won't accept a contract that is not equal to the present one at White Pine," Saari declared.

But Suter pointed out that wages don't tell the whole story. Miners at White Pine work eight hour shifts with a half-hour break, while workers at the Calumet mines work only 7 1/2 hours with a half-hour break, he said.

Many local businessmen blamed union officials for the long strike.

"It's that Saari's fault," insisted a department store owner. "In the last two strikes with Calumet Copper, after setting, the workers accused him of

Powell was not arrested. Doran said police shot the youth as he started to run, still carrying the gun. Bashara claimed Powell dropped the gun and ran around a corner and almost reached his grandmother's house before he was shot.

The council took the matter under advisement.

**AMC, Lear Work On Steam Car**

RENO, Nev. (AP)—American Motors has offered to cooperate with industrialist William P. Lear in his quest to develop a practical steam-powered automobile, Lear said Friday.

He said the automaker has agreed to furnish engineless cars for installation of steam power plants at Lear's plant near here.

Lear last week accused General Motors, Ford and Chrysler of trying to block his efforts to develop a steam car and said Chrysler's Dodge Division had refused to sell him cars.

The companies denied the charges, saying they also were experimenting with steam power.

# Women's Activities

BARBARA MONTGOMERY, bundled up in a parka, displays a check for \$5, representing the entire military budget of the tiny Principality of Andorra, which the Potlstown, Pa., Mercury newspaper has agreed to underwrite. But U. S. Congressman Lawrence Coughlin (R-Pa.) said there was some doubt whether a private organization could pay for the military budget of a foreign power. The 191 square mile country between France and Spain sets aside \$5 to buy ammunition for its 20-man police force to fire ceremonial salutes. (AP Wirephoto)

## Short Skirts Good For Diet

PITTSBURGH (AP) — Dr. Charles P. Powell, an expert on weight reduction, says shorter skirts have made women more weight conscious and has helped the general public toward better eating habits.

Powell, of Boston, an associate director of the Prudential Insurance Co. of America, spoke over the weekend at a seminar on obesity sponsored by the American Society of Bariatrics.

## Varied Program Marks Clebanoff Performance

Music is many moods, and Herman Clebanoff tries to fill them all with the Clebanoff Strings and Orchestra. Community Concert ticket holders were present in great numbers to hear and see this musical group at the W. W. Oliver Memorial Auditorium Saturday evening, and, I'm sure, came away with the feeling that the evening was worthwhile.

There were many substitutions from the printed program. Some were good, but I would have enjoyed much more the Adagio by Samuel Barber, for instance, than the Fantasia by Vaughn-Williams. A substitution, however, that proved to be the classical gem of the evening was the A Minor Concerto for two violins by Vivaldi. It was played by George Lapenson, the concertmaster and Mr. Clebanoff.

The delicate interplay of the two violins in the slow movement, with its gentle nuances demonstrated the skill of Mr. Clebanoff and the fine cantabile tone of Mr. Lapenson. One wished, as the program progressed, that Mr. Clebanoff and the orchestra had stayed with this standard of quality and musicianship.

The second half of the program dealt with modern music. I have the feeling that it became more modern than musical. Electronic gadgets are well and good for recordings and broadcasts, but, for me, most of this proceeding became banal. It was disappointing to hear the last portion develop into percussion, accompanied, con sordini, with strings.

I wondered if perhaps two trumpets and two trombones might soon join the activity on the stage.

The magic that is the Clebanoff Strings still comes through the mood at times, but I think perhaps the formula is getting tired. It has lost its real musical aura and become too much a vehicle for entertainment, although I am sure the majority of the audience enjoyed the show.

The next Community Concert will be the outstanding Bass Baritone, Simon Estes on March 6.

AROL E. BECK

## Births

IVERSON — Mr. and Mrs. Robert Iverson of Escanaba Rte. 1 are the parents of a son, Jeffery Scott, weighing 6 pounds and 15 ounces, born at 11:25 a.m. on Jan. 31. Mrs. Iverson is the former Caroline Carlson.

# Stephenson Gets Revenge; Upend Gladstone, 56-50

GLADSTONE — Using their hide-an-peek method of basketball, the Stephenson Eagles gained revenge for an early season loss by handing the Gladstone Braves their fourth loss of the season Saturday night by a 56-50 score.

Earlier this season the Braves dropped the Eagles, 57-45, at Stephenson, but it was a different story in the Gladstone gym Saturday night. The Eagles held a 34-29 margin at halftime and managed to outscore the Braves by one point in the second half to register the victory.

"It was our poorest performance of the season," commented Bill Wood, head coach of the Braves. "We were out-hustled, out-rebounded and out-played. By far, our worst game."

The Braves are averaging around 41 per cent from the field in their previous games this season but could only hit on 16 of 58 field goal attempts Saturday night for 27 per cent while the Eagles were ripping the nets on 20 of 48 attempts from the field for 41 per cent. Stephenson also held a 26-21 edge in the rebounding department.

# Gogebic Quint Tops Norsemen

IRONWOOD — After holding the lead for much of the first half, the Bay de Noc Community College Norsemen ran out of gas and went down to defeat at the hands of Gogebic Junior College Saturday night, 86-60.

The Norsemen started strong and with 7:30 left in the half led Gogebic, 24-18. But then things started to happen and Gogebic managed to take a 40-30 lead into the dressing room at halftime.

Gary Simonsen led Bay College in the scoring column with 19 points, 18 of which were scored in the first half. Dan Marenger, making his first start of the season, tallied 14 points in the game and did a fine job on defense.

Gogebic was led by Dan Pertula with 16 points while teammates Rod Hewitt and Al Trudgen each added 15 points; Jim Milakovich scored 13 and Don Barbacovi hit for 10.

The Norsemen play Suomi College on the road Thursday before returning home for their last game at Gladstone on Feb. 13 against Sacred Heart Seminary.

The box score:

	FG	FT	PF	TP
Renson	3	0	5	9
Welling	4	1	2	9
Boyle	1	3	1	5
Simonsen	7	5	1	19
Marenger	6	2	2	14

# Pint-Size Guard Cinches Victory

By The Associated Press

The little Lobo wears No. 00 on his basketball shirt . . . and stands 10 feet tall in New Mexico today.

Pete Gibson, a 5-foot-8 sophomore, pumped in a 30-foot jump shot at Albuquerque, giving the Lobos a 68-66 triumph over arch rival New Mexico State.

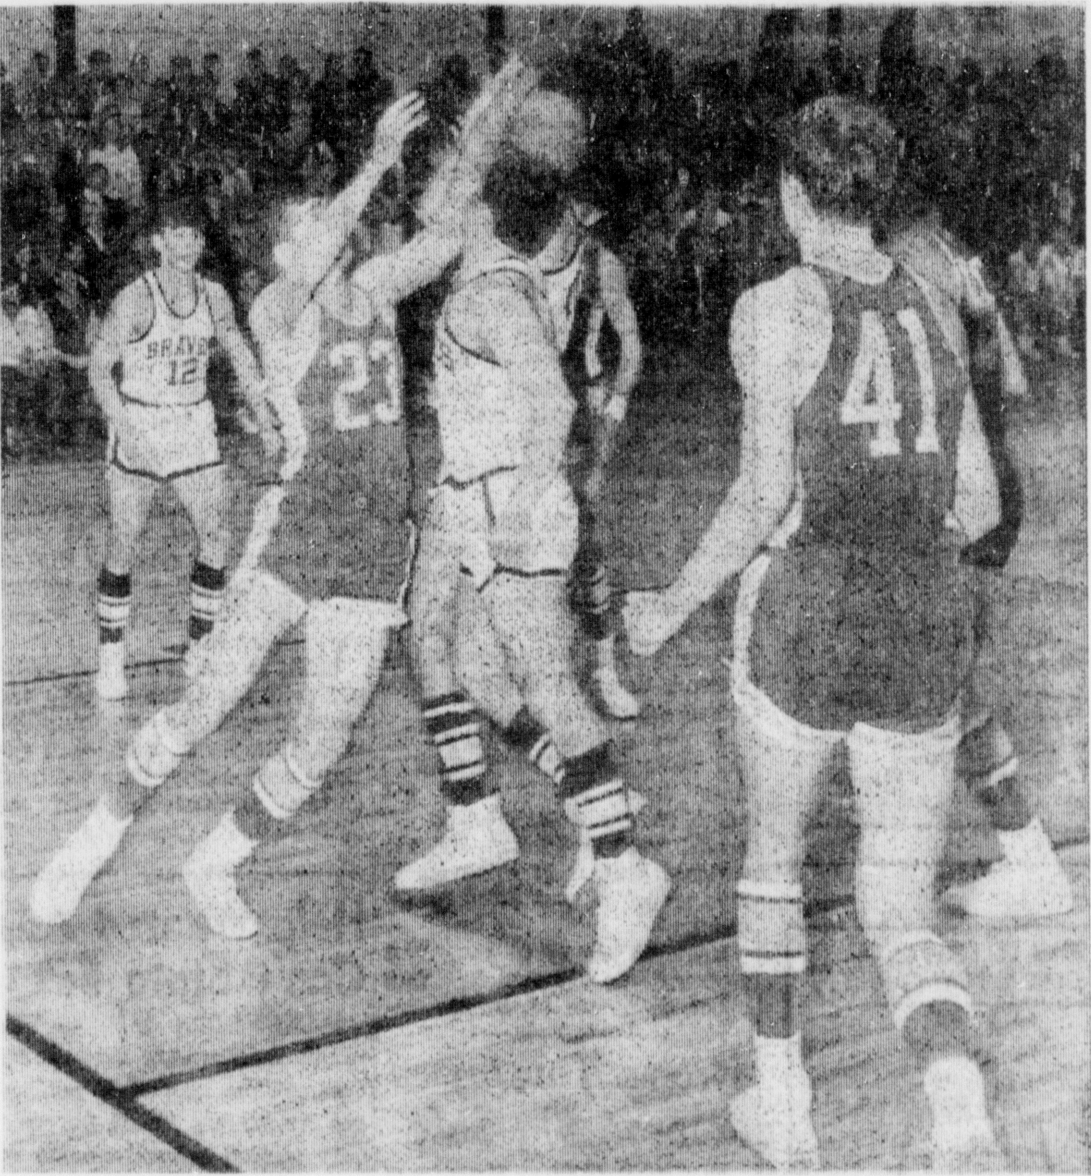

It was the pint-sized playmaker's only field goal in the game, but it completed a two-games-in-four-days sweep for New Mexico over the eighth-ranked, previously unbeaten Aggies. The Lobos won 86-66 Wednesday on State's Las Cruces court.

Top-ranked UCLA continued to roll up winning numbers, smashing Stanford 98-61 Saturday night after a 109-74 romp over California Friday night. The Bruins have won 32 in a row, including 16 this season, 25 straight in Pacific 8 Conference play and 80 in succession on their home court.

UCLA and third ranked Santa Clara, idle last weekend, are the only unbeaten major college powers.

No. 2 North Carolina boosted its season mark to 14-1 with a 107-87 conquest of Maryland, but fourth-ranked Davidson fell to Iowa 76-61 at Chicago.

No. 5 Kentucky beat Vanderbilt 103-89. No. 6 St. John's, N.Y., topped Temple 65-49. No. 7 Illinois trounced Wisconsin 86-73 and No. 9 LaSalle clobbered New Orleans Loyola 102-65 on other Saturday action.

BOB CARLSON of the Gladstone Braves appears to be taking an edge over Stephenson's Byron Lord (23) by using three legs to get a better jump on the ball. Actually one of the legs in the mixup belongs to Steve Nelson who is hidden from view. Watching the action are Gladstone's Mark Weber (12) and Stephenson's Barry Hafeman (41). The Eagles won the game played Saturday night at the Gladstone High School gym, 56-50. (Don Pavlovski Photo)

# Bullets Remain Unbeaten In Series With Pistons

By The Associated Press

Baltimore — riding atop the National Basketball Association's Eastern Division after finishing in the cellar last season—can thank Detroit in part for its winning ways.

The Bullets bounced to an easy 128-106 victory over Detroit Sunday — their fifth win against no defeats in encounters between the teams this season. "They outmuscled us," Piston coach Paul Seymour said, "and we've started to go back playing the old one-on-one stuff."

It was the 38th triumph against 15 losses for the Bullets and matched the club's record for most victories in a season set three years ago. The Bullets still have 29 games left on their schedule.

With 26 games left, any combination of 13 Detroit losses or wins by division contenders will eliminate the Pistons from the playoffs.

In other NEA games Sunday, the New York Knicks defeated Boston, 95-94 as the Celtics lost Player-Coach Bill Russell for at least a week after a knee injury; Philadelphia overcame Chicago 112-104; Atlanta defeated San Diego, 115-103; Phoenix nipped Milwaukee 122-121 and San Francisco outlasted Los Angeles 122-117 in three overtimes.

In the game at Detroit's Cobo Arena, Baltimore pulled ahead 32-28 after one quarter, had a 67-54 halftime advantage and broke the game open in the third quarter when the Bullets built up a 105-80 lead.

Hot shooting by Mack Marin, Ray Scott and Wes Unseld marked the early uprising for the Bullets. During the first half Marin made seven of 12 from the field, Unseld seven of eight and Scott six out of eight.

Scott finished with 26 points. Dave Bing topped the Pistons with 25 points while Walt Bellamy had 22 and Hap Hairston 18.

Boston, struggling in defense of their NBA championship, found themselves in serious trouble with the loss of Russell, hospitalized and out of action for at least a week.

Russell, who has led the Celtics to 10 titles with brilliant defensive play in his dozen years as a pro, suffered severely strained ligaments in his right knee in Boston's loss to New York Sunday.

On Saturday, the Knicks clobbered the Celtics 109-82, Los Angeles beat San Francisco 106-101 in overtime, Atlanta belted Detroit 119-99, Cincinnati tripped Seattle 111-96 and San Diego

# Esky Hawks Notch 1st Win

After dropping their first two games of the season, the Escanaba Hawks got some help in the goal from Dick Lewis and went on to score a 12-2 victory over the Newberry Aces in a game played Saturday night at the water tower rink.

Dennis Bordeaux scored five goals for the Hawks, four of which came in the second period. Other Escanaba goals were scored by Gary Provo, Dennis Lancour, Tim Goymerac, John Ferrari, Bruce Irving and Ron Robinson. Provo connected twice.

Scoring the Newberry goals were Matt Campbell and George Fox, one each in the first and second periods.

The Hawks were defeated 10-7 and 11-10 in their first two outings but Lewis came through Saturday to stop 31 shots in the game and hold the Aces scoreless in the final period. The Newberry goalie, Gary Sevans, had 26 saves.

Scoring:

First period — Escanaba — Provo (Ferrari); Bordeaux (Bordeaux); Goymerac (Lancour); Newberry — Campbell

Second period — Escanaba — Bordeaux (Ferrari); Bordeaux (Robinson); Bordeaux (Lancour); Bordeaux (Lancour); Ferrari (Goymerac). Newberry — Fox

Third period — Provo (Ferrari); Irving (Ferrari); Robinson (J. Bordeaux)

# Indiana Nips Spartan Five

BLOOMINGTON, Ind. (AP)—Even though Michigan State played what Coach John Bennington called "its worst defense of the year," the Spartans still weren't out of their Big Ten basketball clash with Indiana Saturday night until the final horn sounded.

MSU fell behind by as much as 11 points during the second half after trailing by just one at halftime, but a bucket by Lee Lafayette pulled the Spartans even with a minute to play, and the host Hoosiers had to sweat out their 79-76 victory.

The decisive Indiana scores came when Ken Johnson hit a 10-foot jump shot with 33 second to play and Larry Gispson added a free throw with 14 second left to put the game out of reach.

Lafayette paced MSU scorers with 28 points as Tom Boggracs added 12 and Jim Gibbons 11. Joe Cooke and Johnson paced Indiana with 24 and 23 points respectively.

Have the Boston Bruins forgotten how to lose?

Once experts at the fine art of taking it on the chin, the boisterous Bruins have stormed into a six-point lead in the National Hockey League's East Division with an unbeaten string of 17 games that is approaching record proportions.

The Bruins' latest victory was a 4-2 triumph over Detroit Sunday night. In other action, New York pounded Pittsburgh 7-3, St. Louis stung Toronto 5-3, Montreal bopped Chicago 6-4 and Minnesota shaded Philadelphia 3-2.

In Saturday's games, Montreal ripped New York 6-2, St. Louis blanked Detroit 2-0, Chicago and Minnesota battled to a 5-5 tie, Philadelphia and Pittsburgh tied 2-2 and Los Angeles outlasted Oakland 8-5.

The Bruins haven't lost since Christmas night and have dropped only one game in the last 24. Their 17-game unbeaten string is only six short of their own NHL record set in 1941.

Until they finished third last season in the NHL's East Division, the Bruins had a string of six cellar finishes in seven seasons. They've already won 20

# Peninsula Preps Begin Final Month Of Season

By JIM TRETHEWEY

They're taking a back seat to such better known outfits like Ewen-Trout Creek, Channing, DeTour and Baraga, but actually the Upper Peninsula has any number of good small-school basketball teams.

Certain to make all-out bids for tournament honors when post-season time rolls around early in March are Trenary (10-3), Big Bay de Noc (10-4) and Perkins (10-4) of the Central U.P. league, Bergland (8-2) of the Porcupine Mountains conference, Cedarville (11-2) of the Eastern U.P. league, and Powers (10-3), National Mine (9-4) and Carney (8-4) of the Skyline conference.

# Grade Schoolers Play North-South Preliminary Tilt

The Holy Name Crusaders freshmen basketball team will play host to the Munising wrestling match which will get underway at 7.

Tomorrow night at 6:45, the eighth graders from the City Grade School League will play a North - South game as a preliminary to the Manistique-Holy Name varsity basketball game.

Leo Brunelle will handle the North team from the bench and will be assisted by John Zimmerman and Bob Dufour. The North players will come from the Flat Rock, All Saints and St. Thomas teams. The South squad will be coached by John Kelly of St. Anne's who will be assisted by Bob Anderson and Dean Lewis. Players on the South team will come from the St. Anne's St. Joe's and St. Pat's teams.

Eighth grade cheerleaders from the schools will be admitted to the game free as long as they are in uniform.

The admission for tonight's basketball game and wrestling match is \$1 for adults and 50c for students.

# Nicklaus Takes Loot In Williams Tourney

SAN DIEGO (AP) — Tom Weiskopf, a soldier stationed at Ft. Polk, La., may be wondering how Jack Nicklaus won the 1969 \$150,000 Andy Williams-San Diego Open Golf Tournament and required 284 strokes to do it.

Weiskopf, you see, won the tournament a year ago, before the U.S. Army borrowed him, and did it in 273 strokes.

And Nicklaus walked away, headed today for the Bob Hope Classic at Palm Springs, with the \$30,000 winner's loot in another rather unusual situation. Seldom in these days does a pro golfer overcome a deficit of two strokes, win by one—and do it with a final round one-over par 73. Jack did it.

Generally something like four-under in the last round is required.

As it turned out Nicklaus, the Big Bear from Columbus, Ohio, defeated San Diego's hometown hero, Gene Littler, in a two man duel Sunday.

Downstate Area  
Receives Snow

By The Associated Press

Snow which fell over most of the state early today created a headache for commuters just getting used to good driving conditions again.

State Police reported driving conditions in the Lower Peninsula were especially hazardous. With the exception of South Haven and Wayland, highways and secondary roads were snow-covered and slippery.

No serious accidents were reported, however.

Only roads in St. Ignace in the Upper Peninsula were reported snow-covered, though roads in the eastern half of the Upper Peninsula also were slippery. Slippery spots were reported in Detroit, though streets were salted overnight.

It was mostly cloudy, across the state today though flurries near Lake Michigan in the south and Lake Superior in the north were predicted by the weather bureau to bring up to four inches of new snow by tonight.

Heaviest pile-up of snow was reported in Houghton, with about 40 inches recorded.

Strong Thieves  
Remove Big Safe

MONROE (AP) — Strong and determined thieves entered the Warren Vetter home in rural Monroe and removed a 2,000-pound safe over the weekend.

The safe was hauled on a child's wagon nearly a mile through underbrush and woods. It was opened with a hatchet and chisel, also taken from the home.

About \$500 in cash was removed from the safe, which also contained insurance papers and negotiable bonds.

The Vettres had been visiting friends at the time.

Sen. Hart Urges  
Sensible Policies

DETROIT (AP) — Sen. Philip A. Hart, D-Mich., urged Democrats Sunday to "press for sensible military and international policies" during the administration of President Richard M. Nixon.

"We all know that military ventures, once undertaken, come to have a life and momentum of their own," Hart told the Democratic State Convention.

The war in Vietnam, Hart said, is an example of this phenomenon. "It will come as no secret to you that I believe the developing antiballistic missile system is another example of it."

"It too promises great expense and great folly," he said. "But those who do not rally early to fight it must resign themselves to see it grow until it develops its own powerful constituency of workers and lobbyists and industrialists—until it develops its own host of politicians who cannot fault the system without also faulting their own earlier judgment," he declared.

In addition, Hart urged party members to seek improvements for education and attack urban and conservation problems.

"The Kennedy-Johnson attack on poverty and city problems was not perfect and had its flops but it had marked successes, too, a fact we should not allow to be neglected," he said.

He added that Democrats should not claim "everything we have done in the past was right, but certainly insisting on a will and determination to do more in the future."

"We don't want these problems to get so huge that they will deluge the White House when a Democratic president moves in four years from now," he said.

Greater Roll For  
Youths: Kelley

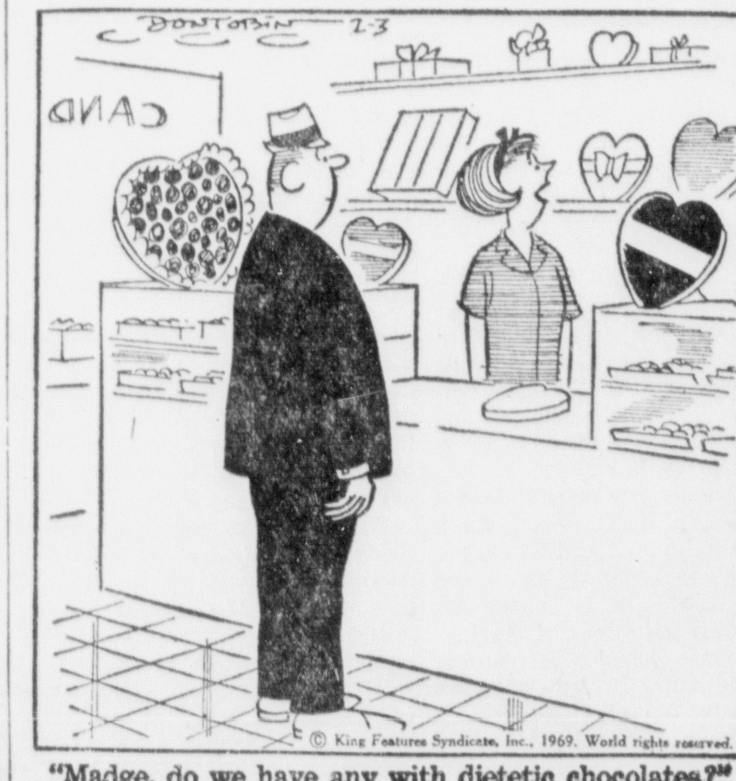

DETROIT (AP) — Atty. Gen. Frank Kelley, often mentioned as a possible Democratic gubernatorial candidate in 1970, Sunday urged a greater role be given young party members.

Speaking at the Democratic State Convention, Sunday Kelley said, "If we do not give young people a genuine and practical opportunity to participate in the affairs of the party, then our party will wither away."

"I believe that the Democratic National Convention's resolution, which pledged a change in the rules of the party and amendment to state laws to provide 'meaning and timely opportunities' for all Democrats to participate in making policy and nominating candidates, was a response to the calls of the young," he said.

In addition Kelley said the party must help change the electoral process in Michigan to ensure that "the precinct delegates who ultimately choose our delegates to the national convention are responsive to the issues of today—not two years ago."

MANISTIQUE

Stapleton Begins Class  
In Physical Education

An elementary physical education program got underway today in the Manistique Area Schools with John Stapleton as director of activities.

Basis of the program, according to Stapleton, will be work in the areas of physical fitness, general strength and coordination. Athletics will be secondary objectives.

"This is not to say the children will not learn to play the team games we are familiar with," Stapleton said, "but the skills used, rather than the total games themselves, will be stressed."

Activities which the students will be able to use later in life will also be emphasized, such as archery, bowling and golf.

Stapleton will use a travelling office, a converted truck, which contains all the equipment used in the physical education program. The Manistique Area Schools are sponsoring a contest to name the truck with the lucky student who wins receiving a watch.

Stapleton is a native of the Chicago area, a graduate of Northern Michigan University and completed his practice teaching requirement in Manistique last semester under Rudie Brandstrom. He has had experience working with young people in the Chicago area and was involved in summer recreation activities in the Manistique area last year.

Manistique Man  
On Snowmobile  
Killed By Auto

By BARBARA JOHNSON

A 40-year-old Manistique man was killed at 7 p.m. Sunday when his snowmobile was struck by an automobile on M-94 about two miles south of the Dodge Lake Road in Hiawatha Township.

Gordon Gould, 528 N. Houghton Ave., was identified by State Police as the victim of the mishap.

Witnesses told State Police that Gould had stopped in the southbound lane of M-94, without back running lights, when his machine was struck in the rear by an auto driven by John Konte, 50, of 208 N. 5th St., Manistique.

The victim was thrown off the snow machine by the impact and he was pronounced dead at the scene by County Coroner Robert Clark.

Three snowmobilers who witnessed the accident were listed

by State Police as Victor Schuettler, 900 E. Manistique Ave.; Howard Schwartz, 639 Manistique Ave.; and Gerald Haase, 621 Cherry St.

Konte was not held and State Police are continuing their investigation.

The body was taken to the Messier Broulliere Funeral Home where funeral arrangements are incomplete.

Births

PELON — Mr. and Mrs. John Pelon, 140 N. 4th St., are the parents of a baby boy born Friday, Jan. 31, at the Schoolcraft Memorial Hospital. The infant weighed nine pounds and two ounces. The mother is the former Patricia Willour.

Barber

BARBER — A baby girl, weighing nine pounds and ten and one-half ounces, was born to Mr. and Mrs. Clifford Barber, 616 N. River, on Friday, Jan. 31, at the Schoolcraft Memorial Hospital. Mrs. Barber is the former Sharon Martin.

Church Events

Our Lady Of Fatima Circle

Mrs. Ray Ranguette entertained Our Lady of Fatima Circle Wednesday night at her home on Michigan Ave. with Mrs. Jules Rivard as co-hostess.

Following the business meeting games were played with prizes going to Mrs. Ray Stocken and Mrs. Leo Cousineau.

The Circle will meet next on March 5 at the home of Mrs. Dean Deloria, 310 Chippewa Ave., with Mrs. Delores Gould assisting hostess.

Hospital

Admitted to Schoolcraft Memorial Hospital were Earl McAlpine, Sharon Barber, Patricia Pelon, Ruth Patz, Marcella Holt, Francis Gorsche and Ellen Swanson.

Discharged were Leonard Beckman, Kenneth Pawley, Lorraine Vaughn, Sandra Jenerou, Charles Holbrook and Edith Gray.

A FIELD OF five modified snowmobiles roars away from the starting line Saturday in the cross country section of the Rapid River Snowmobile derby. Ray Knauf of Newberry won the division of the race, averaging over 30 miles per hour over the 22.7 mile distance. (Daily Press photo.)

### Two Injured Slightly In Traffic Mishap

Two persons were hurt, neither seriously, in the collision of two cars at 14th Ave. N. and Stephenson Ave., at 1:33 a.m. Sunday, it is reported by city police.

Sandra M. Decker, 19, 2603 8th Ave. S., driver of one of the cars was hurt; as was Pamela Hupy, 12, of 1516 Stephenson Ave., a passenger in a car driven by Donald Franks, 818 N. 19th A St.

Police issued a summons to Sandra Decker for failing to yield the right of way.

### Program On Sun ETV Highlight For Tuesday

MARQUETTE — The sun, and the people who spend their lifetimes trying to unravel its mysteries, are examined at 8 p.m. Tuesday on WNMR-TV.

The program traces the evolution of man's understanding of the sun.

Other featured programs this week on Northern Michigan University's TV station:

Ron Karenga, LeRoi Jones and other Negro leaders review 1968 and preview 1969 at 7:30 tonight.

Dance and dancers as a basic material for a new "cinema-choreography" at 9:30 tonight.

Several mutual fund consultants discuss buying and selling in the stock market at 7:30 p.m. Wednesday.

Negro comedian Bill Cosby discusses his childhood and career, at 8 p.m. Thursday.

The social pressures encountered by a rich boy and a working-class girl in a small town decide to get married, at 9 p.m. Friday.

### Circuit Court Jury Decision Favors Selmos

(Continued From Page One)

He said that interest on the award would run from the date the suit against General Motors was filed.

"We're very happy with the verdict," he said.

In his closing argument, Chapakis had asked for about 1,260,000 in damages for James Selmo and about \$120,000 for Mrs. Selmo.

Selmo, a native of Iron Mountain where he graduated from Iron Mountain High School in 1959, graduated from Western Michigan University and teaches mathematics at Groose Pointe High School. He also has returned to graduate school at the University of Detroit and is working on his masters degree, despite being paralyzed.

**Commute Daily**

During the trial, the Selmos commuted to Escanaba daily from Iron Mountain, where they were staying with his parents.

The jury began deliberations about noon Friday. When they failed to reach a verdict by 9 p. m. Friday, the panel was dismissed for the day and reported back to court at 9:30 a. m. Saturday. The verdict was returned about 9:10 p. m. Saturday.

### William Radue Dies On Friday

William Radue, 82, of Waukesha, Wis., formerly of Hermansville, died Friday evening in Waukesha. He had served as the postmaster in Hermansville for several years.

He is survived by his widow Anna; one daughter, Mrs. Edward (Catherine) LaBranche, four grandchildren and four great-grandchildren, all of Waukesha.

Funeral services are being held today and burial will be in the St. Joseph's Cemetery, Waukesha. Hanson Funeral Home in Waukesha is in charge of arrangements.

The wood ibis is a species of stork found in the United States.

### Base Pay Set For Episcopal Priests

Missionary priests in the Episcopal Diocese of Northern Michigan will be paid a base salary of \$5,500 a year as a result of action taken Saturday by the Bishop and Council of the Diocese. The \$1,000 pay increase is effective immediately.

In addition, travel pay for missionaries and laymen in charge of missions was raised to 10 cents per mile for travel between mission stations. Nine clergy and lay vicars serve the Diocese's 21 missions.

Though the Bishop and Council has no direct control over the parishes of the Diocese, it did vote to recommend to all parishes a minimum salary of \$6,000. Several of the 11 parishes already pay their priests that amount or more. Missions are directly supervised by the Diocese, while parishes are autonomous.

In addition to the recommended minimum, all clergy receive housing, utilities, insurance and Church Pension Fund premium payments. Some men are also given car allowances. They may enroll in the Social Security program on a volunteer basis and pay their own Social Security and income taxes.

In voting the pay increase for missionary clergy, the Bishop and Council wiped out an existing discrepancy in amounts paid to married and unmarried men and sought to bring the salaries of missionaries who usually serve the smaller churches more nearly into line with those of men working in larger areas.

### Nixon Will Hold News Conference

WASHINGTON (AP) — President Nixon will hold his second news conference at 11 a.m. EST Thursday in the White House East Room.

It will be open to live television and radio coverage, press secretary Ronald L. Ziegler said.

Nixon held his first White House news conference Monday, Jan. 27, covering a wide range of topics.

### Pedestrian Hit Near Arnold

A 20-year-old man who was injured when struck by a car on a Marquette County Road Sunday was transferred from St. Francis Hospital to Wood Veterans Hospital, Milwaukee, this morning.

Robert Holmes of Arnold was reported in fair condition, according to officials at St. Francis Hospital. Details on type of his injuries were not available.

State Police of the Gladstone Post said Holmes was hit by a car driven by Alvin Boucher, 24, of Sault Ste. Marie. The accident happened on County Rd. 426 just north of Arnold.

Boucher told police he saw Holmes walking on the road as he was meeting another vehicle. He told police he thought Holmes was in his lane and swerved his car. Troopers said Boucher lost control and slid sideways, hitting Holmes with the right side of the car.

Investigation into the accident is continuing, troopers said.

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

### Takes \$300 Rapid River Prize:

# Bugay Tops Snow Racers

By DAVE ANDREWS

RAPID RIVER — Skills gained in driving stock cars in the summer have paid off on the snowmobile circuit for a young man from Gladstone.

Don Bugay, who has won prize money in several of the snowmobile derbies in northern Wisconsin and the Upper Peninsula already this winter, won the \$300 grand prize in the 1st Rapid River Snowmobile Races Saturday and Sunday at the Rapid River ball diamond.

The two-day program was sponsored by the Rapid River Parent-Teacher Club and sanctioned by the Michigan Snowmobile Association.

Bugay, driving for the Eskey Racing Team, won the modified Class DD cross country race Saturday, captured the modified Class DD oval race Sunday and added a second place in the Class D stock oval competition in piling up his winning point total.

**Spectacular Flip**

A crowd estimated between 1,500 and 2,000 fans turned out for the oval track races Sunday — a program which featured several close races and a spectacular backstretch flip by Ken Viau of Escanaba.

Viau, driving a Ski Do TNT, had a big lead on the field in the Class F stock races heading down the backstretch for the checkered flag when he hit a hole in the track. The machine bounced, then flipped completely over, throwing Viau onto the track. He scrambled back onto his machine as the pack caught up, but stopped on the corner unable to continue.

Viau suffered a cut on his chin, but otherwise escaped injury. Joe Stankowicz of Ford River, driving a Sno-Jet, sped past to the checkered flag in that race.

Viau was the only driver injured in the two days of high-speed competition, despite several flips in Saturday's cross country race and again on the

bumpy oval course Sunday. Over 50 machines were entered in Sunday's races after 48 turned out for Saturday's cross country run.

**Heynssens Fastest**

Bob Heynssens of Gladstone, also driving for the Eskey Racing Team, turned in the fastest time on the 22.7 mile cross country sprint which carried drivers across the ice on Little Bay de Noc, onto Stonington and then back to the finish line at the ball diamond.

Heynssens covered the distance in 39 minutes, 57 seconds with his 399 cc Ski Do. He finished just two seconds ahead of Dale Charboneau of Munising. Both drivers raced in the Class D stock event and averaged slightly over 34 miles per hour.

Several drivers lost valuable time when they tipped their machines along the course and Bugay, who won his class, was forced to change spark plugs during the race when the pants of his racing suit were sucked into the air intake of the carburetor, fouling the plugs with too much gasoline.

**VanDamme Wins**

Although Viau did not compete further in the afternoon after his rollover in the stock division Sunday, his snowmo-

bile won the top modified race. Mike VanDamme of Cornwell drove the high-powered machine to first place in the Class FF modified race for machines with engines ranging from 551 to 800 cc. VanDamme outraced Ray Knauf of Newberry, who had the fastest time in the cross country race for the big modified machines.

James Brownson of Engadine served as race director for MSA. Drivers indicated they were generally pleased with the cross country course, although they reported some "rough spots" near the end.

James Vrbenky, 1320 Lake Shore Dr., Gladstone, won the snowmobile given away by the race sponsors.

**CROSS COUNTRY STOCK DIVISION**

Class B-1, Jack Mitchell, Gwinn, 46:07; 2, Ray Ranta, Marquette, 47:02; 3, Alphonse Mallette, Marquette, 48:28.

Class C — 1, Mike VanDamme, Cornwell, 40:59; 2, Dale Charboneau, Munising, 39:59; 3, Bill Mattoon, Negaunee, 40:18.

Class F — 1, Jim Manno, Negaunee, 41:26; 2, Joe Stankowicz, Ford River, 42:28; 3, Dennis Nelson, Blanchard, 48:42.

**MODIFIED DIVISION**

LLOYD TRECARTIN of Iron Mountain leads Don Bugay of Gladstone through a turn Sunday as over 50 snowmobiles competed in oval track races. Trecartin beat Bugay to the finish line in this stock division race, but Bugay won two modified races in the weekend to take home the \$300 grand champion prize. (Daily Press photo.)
